Dear Miss Sweeney:

It was nice to have your letter of the 21st and to know that you had had a few days holiday. It certainly sounds energetic of your friends to be driving to Oregon.

I hope to see you even though but briefly next Monday as you seem to me an inseparable part of the place and certain of my interest in it. Thank you too for your news of the wall. I hope the chrysanthemums will be attractive and in good condition.

Yours sincerely,

*Beatrix Farrand*
