Dearest Mildred,

You alone know what real
joy it gave me to see you
on Sunday.

Max is better and we
hope to leave next Thursday
Dec 7th.

The flowers you sent to
me have given great pleasure
to both Max and me and
are still fresh.

As there is no news from
Bryce I fear he is far
from well and have written
him not to come here as I
can write fully from Calif.

Anyhow nothing will be done
on the green garden having
this winter so when you
have finished thinking
over the drawings given
you please send them

to Calif.

My virus ear is much better and hand also but still has to go slowly.

Again Thank you for the few minutes we had together

Yours with fondest love

Trix
