Miss Anne Sweeney
Dumbarton Oaks, 3101 R Street
Washington, D. C.

Dear Miss Sweeney:

Your list of the books offered by Massachusetts Horticultural Society which you marked showing those already in the Dumbarton Oaks library is returned herewith to you. You will notice that I have marked in blue pencil those which Mrs. Farrand thinks you might like to have for your library. ~~Three~~ especially are noted - The Repton No. 434; No. 181 Gerarde, and 350 Markham on Clematis. As I understand it these are books which are much desired. Mrs. Farrand suggests that you go through the list and then write Miss Manks the librarian which ones you want; perhaps you will also at the same time send us a copy of the letter so that we may know the ones you are buying and what the cost of them will be. Mrs. Farrand is now in Boston and expects to arrive at Reef Point in the near future, and we are all hoping that the weatherman brings warmer days for her arrival here.

With all best wishes and hoping the list and this letter is clear to you, I am,

Yours ever sincerely,

Isabelle M. Stover
