

Dumbarton Oaks.
Saturday - April 9/55

Dear Mr. Bliss

The Bers Terrace Paving is under construction. Mr. Hughes seems to have it well in hand for completion before the Symposium and I am returning to New York this afternoon.

Mr. Colis plans to set the North Court Consols on Monday. He is also going right ahead with the Lotus Panel in the Salon and the framework for the Perspective Lattice near the Belae Circle.

I expect to return to Washington on either
Thursday April 14 or Monday Apr 18
Friday " 15

depending upon how things go with Mr. Hughes and the paving.

Mr. Lank will submit an estimate for the Bowling Green Lattice

I have looked into the matter of wood paving for the salon terrace. Will bring sketches back with me.

I hope you are feeling wonderful. R.M.H.
