Mrs. Beatrix Farrand,
Reef Point,
Bar Harbor, Maine.

Dear Mrs. Farrand:

As you suggested, I enclose for your information some sample cards which are intended for final information lists, also a set-up list for Winter, one for March and one for July, with both Whirligig and wall space provided for. Ralph is making me some new plans showing the wall spaces and I enclose also two of those— one for Winter buds and berries &c, and one for May blooms. I hope these will give you what you wanted. Do you think I should send a set to Mrs. Bliss?

It was so good of you to give me so much of your time on Wednesday and I felt so much better after talking with you. You always give me such a boost. Until I hear further, I shall just go along with the indexing and listing.

I am going home tomorrow to spend Sunday in New York as my cousin's boy is being ordained and saying his First Mass on Sunday so I want to be on hand to felicitate him and his Mother. This is the cousin whose eldest son was killed four years ago. I shall be back again Monday afternoon to take the work in hand again. Naturally, I await with interest Mrs. Bliss's decision about the Catalogue House and me.

With many kind greetings, I am

Very sincerely,
