Mrs. Beatrix Farrand,
Reef Point, Bar Harbor, Maine

Dear Mrs. Farrand:

It is certainly good news to hear of your luck in getting hold of such rarities for the Founders' Room as the three treasurer mentioned in your letter, viz., Elwes' Monograph on Lilliums, Lambert's Pinus and Dykes' Iris.

We have already received from Staack the following

DEARN T. Designs for Lodges, and Entrances
to Parks, &c London 1811

DeMortain, Les Plans, profiles et elevations
des villes, et chateaux de Versailles
Paris, 1714-1715

RIGAUD Recueil de Vues - a collection of 84
engraved plates.

I presume the others will follow later, i.e. Designs by LeBouteaux and the Imperial Schloss of Augsburg. I will notify Mrs. Stover when they are received.

I am also advising Mrs. Stover of the receipt of the above volumes as well as those from Miss Gregory, which are:--

Bowles - Crauses and Colchicums
Farrer's - On the Eaves of the Worlds
Cox - Farrer's Last Journey
Leyel's - Compassnate Herbs.

My thoughts will be with you as you wing your way across the country to our beloved Santa Barbara and my best wishes go with you for a very pleasant winter. Please remember me kindly to Miss Walter and tell her to take good care of you both.

Very sincere ly,
