

October 18th, 1949

Mrs. Isabelle M. Stover,
Reef Point, Bar Harbor, Maine

Dear Mrs. Stover:

I acknowledge receipt of your letter of the 11th. As yet I have not received the book which Miss Shillaber is collating -- *Rejouissances et Fetes, 1723*) purchased from Staack. As soon as it comes, I will advise you.

We have received Rehder's Bibliography of Cultivated Trees and Shrubs and have added it to our list. I am writing Mrs. Farrand in re the Berkshire Garden Center-- a task I have dreaded and have put off as long as I could. Mr. Patterson was here and I was able to have a chat with him this time - great things are being done to Dumbarton Oaks !

Greetings to your co workers and hoping all is quiet on the northern front.

Very sincerely,
