Dear Miss Sweeney:

mistakes and
It is good news to hear that you would like to give us another visit and we look forward to seeing you after Labor Day as before that time we are fairly well tied up with visiting garden clubs, gardeners, and so on. In this way it would seem that our plans could work out very well for both of us. Will you let me know what free dates you expect to have after Labor Day so that we can combine our energies and make a definite arrangement? It was also good news to hear that you think Mrs. Bliss was pleased with her visit to Reef Point and gained something in seeing what 60 years' experience has taught us. Mrs. Bliss also told me that you and Mrs. Willgoose are trying to work together to get the material for the Founders Room in order, but I should think, unless Mrs. Willgoose is a trained cataloguer, you would need some boosting from somebody like Miss Shillaber.

Apparently the change from Bryce to Kearney has gone more smoothly than some of us feared. Individually, I think Kearney will probably be more energetic and forward-looking than the former incumbent. Please forgive a brief letter, as the days seem rather crowded and Mrs. Stover is going on holiday next week to be gone for at least a fortnight.

Yours ever sincerely,

Beatrix Farrand
