Washington, 7, D. C.

Dear Miss Sweeney:

As you know, I am planning to be in Washington on Saturday and Sunday the 23rd and 24th and hope we can have at least a few minutes together. It would help me if you would look up any more books you think you would like to have; tell me what you see ahead for this coming winter's study; prepare for me the list of the wall planting on the west side of the museum buildings on 32nd Street; and also the planting on the wall of the two vegetable gardens. This I believe will pretty much tidy up what is needed in the way of plant lists.

I hope all goes well and that we shall see each other and have a good talk.

Yours sincerely,

Beatrix Farrand
