

5/7/45

June 30. 45

REEF POINT,
BAR HARBOUR,
MAINE.

Would you have time, my very
dear to send me a reassuring
wire - Two letters have gone to
you, one, to meet you in Boston
on the 25th & the other to Wash-
ton. It is done at less foolish, but
I fear your being ill, or that you
are wounded & didn't under-
stand - We have been so

close to each other all these years
that any thought of your not
being still close, is hard to bear.

The days go by, & with Max's
magnificent example of courage
& fidelity to all that was honorable
& sincere, it is not going to be so hard
to carry on. But I do want
to know that you are still there,
my very dear - ever unchanged.
