Dearest Two Friends
Although thirty five
years are not long, when
one is happy & interested,
nevertheless the milestone
should be marked &
this embrace of
affection & gratitude

goes to your book, not
because this day is
really any different
from any other day, but
that it gives the chance
of repeating an old &
well known state-
ment of devotion

& unchanging loyalty -

Bless you, my two
dears - Max & Trix enfold
you in an embrace -

Yours ever own

Trix
