LANDSCAPE GARDENER

March 15, 1950

Dear Miss Sweeney:

I'm glad the three huge books arrived safely.

Will you let me know at once whether D.O. has the following, as if not Mrs. Farrand proposes to order them:

Dykes, The Genus Iris, 48 coloured plates and numerous text-illustrations, Cambridge 1913.

Mrs. Cecil A History of Gardening in England

Some day I'll take time to write you a letter, but this morning seems to be one of those days with 26 hours work and only 24 hours to do it in - I know you will know what I mean!

Sincerely,

*Isabelle M. Stoner*
