MATERIALS and METHODS for PAVING---ARBOR TERRACE
BYZANTINE CHURCH GARDEN
MELISANDE STEPS

Notes on MATERIALS and METHODS for PAVING---ARBOR TERRACE
BYZANTINE CHURCH GARDEN

S---Samples left at Dumbarton Oaks---Mr. Kearney

EARLEY STUDIO---Mr. Kennedy---(Steinbraker)
1715 North Arlington Ridge Road---Rosslyn, Va.

Can produce any kind of aggregate concrete in any color or texture for out of door paving. (RMH)

Usually reinforced 3/4" below the surface with 4" square mesh wire #4.

Aggregate may be gravel---Marble chips not good out of doors because of water retention. Do not use own marble mosaic out of doors even if waterproofed. Mr. K thinks the Antioch Mosaic in vestibule has suffered---too bad to walk on it.

Granite aggregate good (Mr. K)---obtainable in a variety of sizes and shades of color. Crushed to any size.

S-----Ceramic aggregate---Fired and then crushed to any size---also crushed fine and used in place of sand in the mixture. Any color imaginable. A very large selection of colors at Earley.

Glass aggregate---

S-----Washed Gravel---buff sample
Aggregate The dark jelly-bean-like aggregate used in Federal Building paving can be obtained from somewhere in the Western U.S. Fairly regular in size---elliptical shape.

Reserve

?
Saw examples of Earley Studio work in Paving suggested by Mr. Kennedy:---

Federal Reserve Building
Maridian Hill Park

(See notes on these)

PAVING--- FEDERAL RESERVE BUILDING---Constitution Avenue---between
20th and 21st Streets
(Mr. Kennedy---Earley Studios)

1---East side---driveway and court---

3" Belgian Block paving in swirls---pinkish---lovely!!
(RMH) This is probably the same as the Segretti sample
of belgian Block in North Carolina Pink Granite
from the Harrison Quarries.

2---Constitution Avenue side (Front)---

Pair of black granite fountains

Scroll concrete paving with exposed aggregate in contrast-
ing scrolls of buff and dark gray (jellybean)

Combined with white marble (or white cast stone) borders
and steps. Emphasized color in scroll concrete aggre-
gate.

Sidewalk---Exposed aggregate concrete.

November 30/51

PAVING---MERIDIAN HILL PARK---16th Street and Florida Avenue, Wash.

WALL---ARCHED ENTRANCE---STEPS---BALUSTRADE ---PAVING

WALL---smooth concrete and exposed aggregate concrete in
bands and panels. Rusticated quoins.

PAVING---~~small black aggregate~~---concrete marked for cracks.
large and medium buff aggregate marked for cracks.

BALUSTRADE---buff---exposed aggregate.

December 1/51---Adler

STONE PAVING---SEGRETTI BROS.---Mario M. Segretti (Mac)
Friendship Heights, Maryland
6040 River Road

S---TENNESSEE QUARTZITE--CRAB ORCHARD STONE

Various shades of pink and buff---for outdoor paving---
distinct color. Any size. Sample wall laid up.

S---GRANITE---NORTH CAROLINA PINK from the HARRISON QUARIES

Any size.

S-----3" Belgian Block

Material for capping for K Street overpass left over.
About 6" thick---30" wide. Quantity about enough for
MELISANDE STEPS.

S---GRANITE---MT. AIRY WHITE---with black specs---

in about 30" slabs for MELISANDE STEPS

S---VERMONT SLATE

S---PENNSYLVANIA FLAGSTONE

WASHED GRAVEL AGGREGATE CONCRETE PAVING---

ROCKVILLE FUEL AND FEED CO.---Route US 240 Rockville, Maryland
Rockville 3988

S---3/4" WASHED GRAVEL---from the Laurel Plant of Contee Sand &
Gravel Co (formerly the McCeney Plant)
Colesville Road, Colesville, Md.

Buff colored

3/4" gives a choice of many sizes from
3/4" down to sand. Not all washed
gravel is the same color---depends
upon locality---some is dark.

S---SAND to match

*3/4 washed gravel
Laurel Plant -*

ROCKVILLE FUEL & FEED CO., INC.

COAL - FUEL OIL - BURNER SERVICE
CINDER BLOCKS - BUILDING MATERIALS
READY MIXED CONCRETE

PHONE
ROCKVILLE 3988

ROUTE U S 240
ROCKVILLE, MD.

CRUSHED BLUESTONE WASHING PITS of
WASHED GRAVEL ----- CONTEE SAND AND GRAVEL CO. ---Colesville Road
Colesville, Md.

LAUREL PLANT WASHED GRAVEL ---as at Rockville Fuel & Feed Co.
All buff.

S---CRUSHED BLUESTONE---fine and very coarse
Not produced here---small quantity only---
do not supply.

Sontee suggested---

for Crushed Stone---Try Frederick, Md. (50 miles from
Washington)
or, more simply, consult a
Terazzo man.

for Washed Gravel---in other colors---try another
locality---south of Washington---
along the river.

STONE PAVING---STONYHURST QUARRIES---Mr. Strong

Seven Locks Road and River Road
Bethesda, Md.

S---MICASCHIST---

Same stone as in North Vista Wall---

Dark gray inside---

Surfaces in quarry have a variety of color---gray, rust,
brownish pink purple, green, brown---Pleasant in the quarry,
but hard-looking and black when split---Do not like very
much.

S---VERMONT SLATE

S---CRAB ORCHARD STONE---TENNESSEE QUARTZITE---2 samples---buff & pink

STONE for PAVING---

IRWIN SLATE AND STONE SERVICE--- Jack T. Irwin
4762 Elm Street, Bethesda, MD.

Closed for Sat. --Yard looked
not promising

B. GIANCOLA---TOM RUN QUARRIES--- 7825 River Road, Bethesda, Md.

Just over the hill from
Stonyhurst Quarries---same stone--
Not interesting.

For further investigation---

MATERIALS FOR PAVING--- TERRAZZO--- CAST STONE--- GRAVEL

AVON TILE COMPANY--- 433 K Street ~~NE~~ NW, Washington, D.C.--Me 6031
(beside Finelli Iron Works---District
Ornamental Iron Works)

Mr. Dante Avon---house---3138 Patterson Street NW
Wo 2461

Mrs. Adler thinks Avon best in town for
TERRAZZO and other paving.

STANDARD ART MARBLE AND TILE CO --- 177 D Street NW, Washington, D.C.
National 7413---(Steinbraker)

PATOMAC CAST STONE CO.--- Peter Arban
1421 Powhatan Street, Alexandria, Va.
Alexandria 5242
"invite you to inspect our modern plant"

ARBAN & CAROSI INC. --- 3700 Jefferson Davis Highway, Alexandria ---
Temple 1164

CAST STONE

MARYLAND CAST STONE CO.--- Rockville, Md.---Rockville 2755

Custom made cast stone products

SISLERS INC.--- 565 South Washington (Lee Highway), Falls Church, Va.

CRUSHED STONE
BANK GRAVEL

FOR CRUSHED STONE*** Try Frederick, Md. (50 miles from Washington)
or, more simply,
consult a Terrazzo man.

FOR WASHED GRAVEL--- try locality south of Washington---along the
river.

FOR TENNESSEE QUARTZITE
CRAB ORCHARD STONE---

LOUIS FERNA & SONS INC.
1700 I Street NW, Washington, D.C.
Na 5560

Crab Orchard Building Stone

DISTRICT STONE WORKS CO.
4613 Eastern Avenue, North Woodridge, Md.
Variegated Tennessee Quartzite

FOR GRANITE--- H. E. FLETCHER GRANITE CO. INC.--- Wm. Schoenfelder
1272 Connecticut Ave NW---Republic 1059
