Dearest Trix:

Since sending you my "magnum opus" the enclosed letter has come from Mrs. Walter Douglas. I thought you might like to read it. Please return.

Also I enclose a check for the purchase of the books as per the text of my earlier letter.

The Botanic Garden seems to be on the increase in all ways - aliveness, far-sightedness, membership, and interest. I am pleased about it, and glad to report that the new parking space is making headway, thanks to the County fill.

Ever fondly,

Mrs. Max Farrand
