Mr. John S. Thacher  
1703 Thirty-second Street  
Washington 7, D.C.

Dear Mr. Thacher,

Of course dispose of the little treasures in the basement of the Fellows' Building. It seemed important once to save the dummies and models for future reference---but I can not believe they, or anything else we have stored around that might be consuming useful space will actually be of any further use.

Sincerely yours,

*Ruth M. Havey*
