Dear Mrs. Bliss,

I am enclosing a report on the status of  
the

North Vista---RAIL  
and North Vista---CONSOLES and FINIALS.

When I was in Washington on December 1st I looked up sources  
of material for

PAVING for the ARBOR TERRACE  
and at the same time picked up anything I thought might be  
useful for the

PAVING for the BYZANTINE CHURCH GARDEN.  
I collected a number of samples and will send you an account of  
this tomorrow, as it may be helpful to have it on hand when  
Mr. Patterson is there.

Other projects in active progress here are:

FINIALS---North Vista Gates

CONSOLES---North Court Wall at House

" ---North End of Cedar Terrace---North Vista

" ---South End of Cedar Terrace---North Vista

FINALITIES SHIELD---Mr. Tatti (Alexander's Sculptural  
Service, New York) is making a rough  
casting in lead---to be ready on  
January 23rd for Mr. Coles to finish.

THE FAUN---rough sketch

MELISANDE STEPS

These will follow shortly.

Sincerely yours,
