

275 CLARENDON STREET  
BOSTON, MASSACHUSETTS

Dear W. Bliss —

It was a great  
pleasure to see you — shared  
by my husband. Do come  
in tomorrow afternoon, we  
want to see you so much.

— I think the inscription is  
beautifully done — and brings  
back all the glories of the

Golden Age in the auslerties of  
the Uncials. If you have it  
photographed — could I have a  
copy of it?

— I include the 1922-1933  
in Greek letters; and also the  
only corrections I could find  
in the text. Proof-reading  
always terrifies me — for I usually  
let important things slip!

Most sincerely yours —

W. D. D. D. D. —
