Dear Mr. Bliss —

It was a great pleasure to see you — shared by my husband. Do come tomorrow afternoon, we want to see you so much.

— I think the inscription is beautifully done - and brings back all the glories of the

Golden Age in the authorities of the Uncials. If you have it photographed — could I have a copy of it?

— I enclose the 1922 – 1933 in Greek letters; and also the only corrections I could find in the text. Proof-reading always terrifies me — for I usually let important things slip!

Most sincerely yours —
M. W. Winslow —

} To be corrected in inscription

1922 = ,Α Ϡ ΚΒʹ
1933 = ,Α Ϡ ΛΓʹ

1st and B.C.
2nd

P. S. As you know this form was not used till time of the Ptolemies about 200 B.C. — but the old Attic form is so lengthy & so clumsy that I thought you would prefer this.

— The old Attic form would be —

this wise = 1922 = Χ𐅅ΗΗΗΗΔΔΙΙ.
1933 = Χ𐅅ΗΗΗΗΔΔΔΙΙΙ

which is deadly!
